

$5 + 7 = 12$

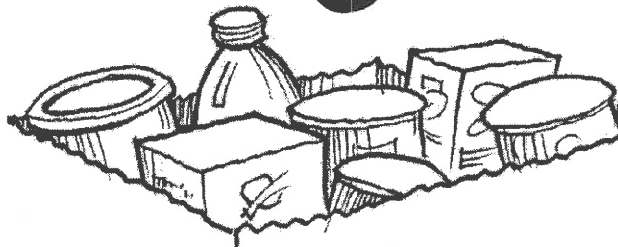

$10 + 23 = 33$

Learning to Count

$100 + 33 = 133$

and...

Learning to Care

Help the Kindergartners learn to count and...
Help those who are in need in Kenosha.

From now until winter break the Kindergarten Class will be collecting food and other items needed by those less fortunate in our community. Please help us by donating to this cause. All items will be donated to the Shalom Center.

Just place your donations on the table at the Kindergarten door. The Kindergartners will count the new items daily, add to the number we have already collected and report the results daily.

For more information on what is needed go to:
